Dear Sir,

I had recently read in the newspaper that you had arranged for Elvis Presley, who is a police buff, to receive a Federal Narcotics badge. I too am a police buff, I collect badges and join and support many police associations, besides also being a Special Deputy Sheriff.

I know you can not issue a Federal Narcotics badge to everyone who wants one, but I'm interested whether there are any Federal law enforcement departments that I may be able to be made an "Honorary or Associate member", or something of that nature. I would appreciate any help you or your office may be able to give.

Sincerely,
January 4, 1971

Mr. Elvis Presley
3764 Highway 51, South
Memphis, Tennessee 38101

Dear Mr. Presley:

I regret that it was not possible for me to see you and your party during your visit to FBI headquarters; however, I do hope you enjoyed your tour of our facilities.

Your generous comments concerning this Bureau and me are appreciated, and you may be sure we will keep in mind your offer to be of assistance.

Sincerely yours,
J. Edgar Hoover

PERSONAL ATTENTION SACE: For your information, Presley, accompanied by Mr. William N. Morris, former Sheriff of Shelby County, Tennessee, and a party of six other individuals visited FBI Headquarters on 12-31-70. FORMER SHERIFF, SHELBY COUNTY, TENNESSEE
ELVIS PRESLEY
REQUEST FOR BUREAU TOUR AND MEET WITH THE DIRECTOR

Mr. William N. Morris, former Sheriff, Shelby County, Memphis, Tennessee, telephoned Assistant Director Casper from the Washington Hotel today and advised that he was in town with the well-known entertainer Elvis Presley and six other people in Presley's party and inquired concerning the possibility of a tour of our facilities and an opportunity to meet and shake hands with the Director tomorrow, 12-31-70. Morris indicated to Mr. Casper that Presley had just received an award from the President for his work in discouraging the use of narcotics among young people and for his assistance in connection with other youth problems in the Beverly Hills, California, area.

Mr. Casper advised Morris that the Director was out of the city, however, that he, Casper, would see what could be done to arrange a tour for Morris, Presley and party. Morris advised that he could be reached at Room 702, Washington Hotel, telephone number 638-5900.

BACKGROUND:

By memorandum dated 12-22-70, which is attached, you will recall that Senator George Murphy (Republican-California) telephoned your office on 12-21-70 and advised that Presley had accompanied him, Murphy, to Washington on a flight from Los Angeles and expressed interest in meeting the Director during his stay in Washington.

Murphy described Presley as a very sincere young man who was interested in becoming active in the drive against the use of narcotics, particularly by young people. Murphy indicated that he had arranged an appointment for Presley with John Ingersoll, Director of the Bureau of Narcotics and Dangerous Drugs.

Murphy was advised that the Director was out of the city and not expected to return until around the first of the year at which point he requested that someone from the Bureau get in touch with Presley and express the Director's regrets. This was done.

RE: WILLIAM N. MORRIS AND ELVIS PRESLEY

INFORMATION IN BUFILES:

Bufiles reflect that Presley has been the victim in a number of extortion attempts which have been referred to the Bureau. Our files also reflect that he is presently involved in a paternity suit pending in Los Angeles, California and that during the height of his popularity during the latter part of the 1950's and early 1960's his gyrations while performing were the subject of considerable criticism by the public and comment in the press. The files of the Identification Division fail to reflect any arrest record for Presley.

Our Memphis Office advised that relations with former Sheriff Morris were excellent during the period he was in office and that several employees from his department were accepted for attendance at the FBI National Academy while he was Sheriff. According to Memphis, Morris is now associated with a public relations firm in that city, but that he has political ambitions and anticipated that he will eventually run for Mayor of Memphis.

Our files and the files of the Director's Office fail to reflect that the Director has ever met Presley or Morris.

OBSERVATIONS:

Presley's sincerity and good intentions notwithstanding he is certainly not the type of individual whom the Director would wish to meet. It is noted at the present time he is wearing his hair down to his shoulders and indulges in the wearing of all sorts of exotic dress. A photograph of Presley clipped from today's "Washington Post" is attached and indicates Presley's personal appearance and manner of dress.

RECOMMENDATION:

That the Director permit someone from your office to return former Sheriff Morris' call and advise him that while we will be pleased to afford him, Presley and their party a special tour of our facilities tomorrow, 12-31-70, that it will not be possible for the Director to see them.

          BUREAU TOUR 12-31-70

Presley and Morris and six individuals who provide security for
Presley visited FBI Headquarters and were afforded a very special tour of our
facilities in accordance with plans approved by the Director.

Regrets were expressed to Presley and his party in connection with
their request to meet the Director. Presley indicated that he has long been an
admirer of Mr. Hoover, and has read material prepared by the Director including
"Masters of Deceit," "A Study of Communism" as well as "J. Edgar Hoover on
Communism." Presley noted that in his opinion no one has ever done as much for
his country as has Mr. Hoover, and that he, Presley, considers the Director the
"greatest living American." He also spoke most favorably of the Bureau.

Despite his rather bizarre personal appearance, Presley seemed
a sincere, serious minded individual who expressed concern over some of the
problems confronting our country, particularly those involving young people. In
this regard, in private comments made following his tour, he indicated that he,
Presley, is the "living proof that America is the land of opportunity" since he rose
from truck driver to prominent entertainer almost overnight. He said that he
spends as much time as his schedule permits informally talking to young people
and discussing what they consider to be their problems with them. Presley
noted that long hair and unusual apparel were merely tools of his trade and
that he has access to and rapport with many people particularly on college
campuses who considered themselves "anti-establishment." Presley said that
with a limited education, he has been able to command a certain amount of
respect and attention from this segment of the population and in an informal way
point out the errors of their ways. He advised that he does not consider himself

Competent to address large groups but much rather prefers small gatherings in community centers and the like, where he makes himself accessible for talks and discussions regarding the evils of narcotics and other problems of concern to teenagers and other young people.

Following their tour, Presley privately advised that he has volunteered his services to the President in connection with the narcotics problem and that Mr. Nixon had responded by furnishing him an Agent's badge of the Bureau of Narcotics and Dangerous Drugs. Presley was carrying this badge in his pocket and displayed it.

Presley advised that he wished the Director to be aware that he, Presley, from time to time is approached by individuals and groups in and outside of the entertainment business whose motives and goals he is convinced are not in the best interests of this country and who seek to have him to lend his name to their questionable activities. In this regard, he volunteered to make such information available to the Bureau on a confidential basis whenever it came to his attention. He further indicated that he wanted the Director to know that should the Bureau ever have any need of his services in any way that he would be delighted to be of assistance.

Presley indicated that he is of the opinion that the Beatles laid the groundwork for many of the problems we are having with young people by their filthy unkempt appearances and suggestive music while entertaining in this country during the early and middle 1960's. He advised that the Smothers Brothers, Jane Fonda, and other persons in the entertainment industry of their ilk have a lot to answer for in the hereafter for the way they have poisoned young minds by disparaging the United States in their public statements and unsavory activities.

Presley advised that he resides at 3764 Highway 51, South, Memphis, Tennessee, but that he spends a substantial portion of his time in the Beverly Hills, California - Las Vegas, Nevada, areas fulfilling motion picture assignments and singing commitments.

He noted that he can be contacted anytime through his Memphis address and that because of problems he has had with people tampering with his mail, such correspondence should be addressed to him under the pseudonym Colonel Tom Parker.
M. A. Jones to Bishop Memo  
RE: ELVIS PRESLEY

It should be here noted following their tour and prior to their departure from the building, Mr. Morris indicated that Presley had been recently selected by the Junior Chamber of Commerce as one of the "ten outstanding men" in the United States and that of these ten in a ceremony to be held in Memphis sometime in January, 1971, Presley would be named as the "most outstanding" of the ten. According to Morris, similar recognition was afforded President Nixon some 25 years ago and the late President Kennedy was also a recipient of this award.

Morris observed that he has known Presley for many years, that despite his manner of dress, he is a sober, clean minded young man who is good to his family and his friends and who is very well regarded by all, including the law enforcement community in the Memphis, Tennessee, area where he was raised and still resides.

Presley, Morris, and their party expressed appreciation for the courtesies extended them.

OBSERVATION:

Presley did give the impression of being a sincere, young man who is conscious of the many problems confronting this country. In view of his unique position in the entertainment business, his favorable comments concerning the Director and the Bureau, and his offer to be of assistance as well as the fact that he has been recognized by the Junior Chamber of Commerce and the President, it is felt that a letter from the Director would be in order.

RECOMMENDATION:

That the attached letter to Presley be approved and sent.

Senator George Murphy (R-California) telephoned your office late yesterday to advise that captioned individual who is, of course, the prominent entertainer and motion picture personality, had accompanied him to Washington on a flight from Los Angeles and expressed interest in meeting the Director during his stay in Washington.

According to Senator Murphy, Presley, whom he described as being a very sincere young man, is deeply concerned over the narcotics problem in this country and is interested in becoming active in the drive against the use of narcotics, particularly by young people.

According to Senator Murphy in response to Presley's request, he Murphy, has arranged an appointment for Presley with John Ingersoll, Director of the Bureau of Narcotics and Dangerous Drugs. Senator Murphy advised that he was aware that the FBI has no jurisdiction in narcotics matters but wished to pass Presley's request to see Mr. Hoover along to the Director.

Senator Murphy was advised that the Director was out of the City and not expected to return until around the first of the year. Thereupon Senator Murphy requested that someone from the Bureau get in touch with Presley and express the Director's regrets.

This has been done and Presley expressed appreciation for the call noting that as he had advised Senator Murphy, he was becoming increasingly concerned with the dissident activities and use of narcotics by young people in this country and was desirous of doing whatever he could to be of service in alleviating this problem. Presley noted that his rise to prominence in the entertainment field is evidence of what can be accomplished in this country by the poor and the deprived. He said that his relative youth and his background in the entertainment industry has helped him establish rapport with the younger generation and that in gratitude for all this country has done for him he would like to be of service. In this regard he indicated that should the Bureau

I have just received a letter from a relative in West Germany.

Plans have been made to deliver an I.D. card within the hands of a red official in certifying the will Elvis Presley.

Irate Teeners Demand Elvis

Most of the 1500 bobbysoxers lined up today for the opening of Elvis Presley's first movie, "Love Me Tender," were furious when they discovered their idol wouldn't appear personally at the Paramount Theatre.

"We want Elvis—we want Elvis," the teenagers chanted, shivering from their night-long wait behind police barricades at the theatre at Broadway and 43rd st.

Although the theatre didn't open until 8 a.m., many had been in line since 9:30 last night in the hope of seeing the real-life Elvis.

"It'll be a miracle," said Bruns: Carol Olsen, 25, of 815 43rd st., Brooklyn. "If this theatre is in one piece when we get out."

She and other bobbysoxers said they had been led to believe Elvis would hand out gifts to the first 3,000 in line for the film.

"As you can surmise," the Chief said, "I just don't happen to be one of his admirers."

SYRACUSE, N.Y., Nov. 8 (AP)

Syracuse housewives toured city offices yesterday and obtained signatures to a petition to the Columbia Broadcasting System demanding that singer Elvis Presley be barred from television shows.

A spokesman for the group, who asked that her name not be used, said she had obtained 40 signatures to the petition yesterday, and added that she and "25 to 30 others" expect to "get hundreds more—including top city officials—before sending it to CBS by the end of this week."

The petition terms Mr. Presley's "physical contortions . . . vulgar, suggestive and disgusting."

The spokesman said TV performer Steve Allen would be mailed the petition too because he had announced he had invited Elvis to appear on a program in the near future.

The Teenagers Write

By George E. Sokolsky

Since I got off my pedant

horse to discuss the affairs of

the young, they have been

going for me good and proper,

telling me of

my ignorance of

things im-

portant and

how a square

cannot be ex-

pected to un-

derstand any-

thing. I am,

however,

pleased to

know that so

many of these

youths read

the newspapers because, after

all, they will some day grow

up and get married and even

become old.

One young lady of 17 does

not think I am old yet, that

is, if I am not over 30. This

girl must have gone to a pro-

gressive school because she

writes:

...The schools nowadays

teach the children to express

themselves. And they sure

do. They tell their parents

what to do and sometimes

where to go. And to be truth-

ful about it the teachers don't

know much more about teach-

ing school than their pupils.

ANOTHER young lady of 14

writes that she considers her-

self fairly intelligent. But

she has this to say about her

favorite, Elvis:

...I am not trying to

prove that Elvis is the great-

est thing the world has ever

known but I am saying that

he is by far one of the great-

est entertainment personali-

ties ever and the greatest in-

spiration young people have

had to follow in a long while.

It is too bad that the Presi-

dent of the United States is

not the source of such devo-

tion and admiration amount-

ing almost to adoration. Of a

child of 14, one expects a ro-

mantic view of life, a glorifica-

tion of an heroic personality.

But not this child. She is

practical. She says:

"I will tell you—Elvis is an

inspiration to strive for a new

high goal. He shows America's

youth that nothing is im-

possible. What could seem

more impossible than a poor

Tennessee truck driver be-

coming a millionaire within

two years?"

This young lady listened to

Tchaikovsky and Mozart but

felt "absolutely nothing." Of
course, neither Tchaikovsky

nor Mozart ever became

millionaires. In fact, Mozart

had a rather tough time finan-
cially. There were no record-
ings in those days and teen-

agers were seen but not

heard.

Forshee, these children do

fight for what they believe.

But we oldsters need not re-

treat and leave the world to

darkness and to noise. Civil-

ization always wins after a

struggle.

These Days . . . . . . . . By George Sokolsky
First in the Hearts of Teens

I RECEIVED a most instructive letter from Miss Charlotte Jones of Dallas, Texas, which I am here to reproduce in full as a contribution to Americans. Here is the letter:

"Dear Mr. Sokolsky:

"There are too many people saying that Elvis is going to die out. When Elvis dies out is when the sun quits burning. "You say everybody is forgotten that is once great. George Washington has never been forgotten and nobody can ever be as great a President or as long remembered as he. Nobody can ever take his place or do what he did. Well, it's the same with Elvis. He'll always be remembered and nobody will ever over will do the same thing as Elvis has. Elvis is the king of popularity and we (teens of America) love him and we'll see he lives forever. Not his body but his name. Adults won't admit he's so great, because they're jealous! They know that their top singers aren't as great as Elvis. They're mad because their taste isn't quite as good as ours.

"Look at James Dean, he was dead for a year and he's bigger now than he ever was. "Get the latest record to us and you ought to thank him, not tear down, the greatest thing the world has ever known; Elvis Presley!!!

"Sincerely yours,
"Charlotte Jones."

-- P. S.: And if you're over 26, you're certainly.

IT SHOWS the advantage of imagination, that Miss Jones compares Elvis Presley's accom-plishments with those of George Washington. Of course, as history goes, Washing- ton has not been so long remembered; he only died in 1799, which is not long ago compared with Alexander the Great or Julius Caesar or, on the peaceful side, with Hammurabi, Moses or Solon. Nevertheless, it must be admitted that Miss Jones has a point and George Washington today better remembered than any another President and plenty of kings.

I find it quite hard to realize what is meant by "the king of popularity." Does Miss Jones really believe that Elvis is more popular than President Eisenhower or Gen. Douglas MacArthur or the Queen of England or Dr. Albert Schweitzer? If that is so, then why should men devote themselves to noble deeds and great accomplishments? Why not just worship an old Civil War song and twang a banjo and achieve the accolade that way?

Apparently all adults are jealous of this Elvis, otherwise they would acknowledge that his voice is superior to Cassino's, his profile to John Barrymore's, his acting to E. H. Sothern's Miss Jones' knowledge must be like Teddy Neder's who said something the other day about having a tremendous knowledge of classical music. But what has he done with that knowledge? That is always the question. The fault undoubtedly is in a school system which gives the child so little cultural background, so little basis for taste and so little understanding of beauty. Rock-n-roll, which is a musical reversion to the tom-tom of the jungle, can stir so many of our young to ecstasy only because they know no better. It is curious that in a Western country a child could write "the greatest thing the world has ever known, Elvis Presley." I used to hear them say that till I went to Jesus. Now times do change!"
THESE DAYS:

She Believes Elvis Is 'The Greatest'

By GEORGE E. SOKOLSKY

I RECEIVED a most instructive letter from Miss Charlotte Jones of Dallas, Texas, which I am herewith reproducing in full as a contribution to America. Here is the letter:

"Dear Mr. Sokolsky:

"There are too many people saying that Elvis is going to die out. When Elvis dies out is when the sun quits burnin.

They know that their top singers weren't as great as Elvis. They're mad because their taste isn't quite as good as ours.

"God gifted Elvis to us and you oughta thank him, not tear down, the greatest thing the world has ever known: Elvis Presley.!!!

Sincerely yours,

"P.S.: And if you're over 20, you're old. You're certainly not young."

It shows the advantage of an education, that Miss Jones compares Elvis Presley's accomplishments with those of George Washington. Of course, as history goes, Washington has not been so long remembered; he only died in 1799 which is not long ago compared with Alexander the Great, or Julius Caesar or, on the peaceful side, with Hammmurabi, Moses or Solon. Nevertheless, it must be admitted that Miss Jones has a point and that George Washington is today better remembered than many another president and plenty of kings.

Miss Jones's knowledge must be like Teddy Nadler's who said something the other day about having a tremendous knowledge of classical music. But what has he done with that knowledge? That is always the question.

She Likes What She Likes

I have no idea how old Charlotte Jones is. She does not introduce herself with vital statistics. But she does believe that she and her "teens" have better taste than her elders, by which she means that she likes what she likes and that anyone who disagrees is a square, a jerk or a dope. Could be.

Yet, I wonder what would happen to such a hero worshipper if she spent six weeks next summer at Tanglewood Listening to Bach, Mozart, Beethoven, Brahms and Tchaikovsky. All long-hair, it is true. But music is music and is supposed to thrill the heart of civilized and savage. It would be an interesting experiment, like bringing Tarzan to the Colony Restaurant or Pavilion, to eat food as designed by Escoffier.

The real point of this letter is that it displays no cultural background. I heard Elvis sing and I believe that perhaps in five years or so, he might be able to carry a tune as well as Bing Crosby. But in 50 years, he could not make the chorus of the Metropolitan Opera.

The fault undoubtedly is in a school system which gives the child so little cultural background, so little basis for taste and so little understanding of beauty. Rock-N-Roll, which is a musical reversion to the tom-tom of the jungle, can stir so many of our young to ecstasy only because they know no better. It is curious that in a Western country a child could write the greatest thing the world has even known; Elvis Presley. I used to hear them say that that title went to Jesus. How times do change!

Dear Mr. Hoover,

Elvis Presley, press-agented as a singer and entertainer, played to two groups of teenagers numbering several thousand at the city auditorium here, Monday, May 14.

As newspaper man, parent, and former member of Army Intelligence Service, I feel an obligation to pass on to you my conviction that Presley is a definite danger to the security of the United States.

Although I could not attend myself, I sent two reporters to cover his second show at 9:30 p.m. Besides, I secured the opinions of others of good judgment, who had seen the show or had heard direct reports of it. Among them are a radio station manager, a former motion picture exhibitor, an orchestra player, and a young woman employee of a radio station who witnessed the show to determine its value. All agree that it was the filthiest and most harmful production that ever came to La Crosse for exhibition to teenagers.

When Presley came on the stage, the youngsters almost mobbed him, as you can judge from the article and pictures enclosed from May 15 edition of the La Crosse TRIBUNE. The audience could not hear his "singing" for the screaming and carrying on of the teenagers.

But eye-witnesses have told me that Presley's actions and motions were such as to arouse the sexual passions of teenaged youth. One eye-witness described his actions as "sexual self-satisfaction on the stage," another as "a strip-tease with clothes on." Although police and auxiliaries were there, the show went on. Perhaps the hardened police did not get the import of his motions and gestures, like those of masturbation or riding a microphone. (The assistant district attorney and Captain William Pope also stopped in for a few minutes in response to complaints about the first show, but they found no reason to halt the show.)

After the show, more than 1,000 teenagers tried to gang into Presley's room at the auditorium, then at the Stoddard Hotel. All
possible police on duty were necessary at the hotel to keep watch on the teenagers milling about the hotel till after 3 a.m., the hotel manager informed me. Some kept milling about the city till about 5 a.m.

Indications of the harm Presley did just in La Crosse were the two high school girls (of whom I have direct personal knowledge) whose abdomen and thigh had Presley's autograph. They admitted that they went to his room where this happened. It is known by psychologists, psychiatrists and priests that teenaged girls from the age of eleven, and boys in their adolescence are easily aroused to sexual indulgence and perversion by certain types of motions and hysteria, — the type that was exhibited at the Presley show.

There is also gossip of the Presley Fan Clubs that degenerate into sex orgies. The local radio station WKB sponsors a club on the "Lindy Shannon Show."

From eye-witness reports about Presley, I would judge that he may possibly be both a drug addict and a sexual pervert. In any case I am sure he bears close watch, — especially in the face of growing juvenile crime nearly everywhere in the United States. He is surrounded by a group of high-pressure agents who seem to control him, the hotel manager reported.

I do not report idly to the FBI. My last official report to an FBI agent in New York before I entered the U.S. Army resulted in arrest of a saboteur (who committed suicide before his trial). I believe the Presley matter is as serious to U.S. security. I am convinced that juvenile crimes of lust and perversion will follow his show here in La Crosse.

I enclose article and pictures from May 15 edition of the La Crosse TRIBUNE. The article is an excellent example of the type of reporting that describes a burlesque show by writing about the drapes on the stage. But the pictures, to say the least are revealing. Note, too, that under the Presley article, the editor sanctimoniously published a very brief "filler" on the FBI's concern for teenage crime. Only a moron could not see the connection between the Presley exhibit and the incidence of teenage disorders in La Crosse.

With many thanks, and with a prayer for God's special blessing on your excellent and difficult work for justice and decency,

Sincerely yours,
Man, when this cat sings, who can sit still?

In Home Fosters Crime—FBI Agent

MILWAUKEE, Wis.—FBI special agent in charge of the Milwaukee FBI office, addressed the group of students of the Milwaukee Men's Protective Assn., meeting at the group's 39th annual banquet.

The agent said lack of discipline in the home helps to create problem children.

He said that law and order authorities are called in to handle duties that in former days were handled easily by parents.

9-Day Buck Season Okayed; County For Polished Horns

The major decision of Wisconsin's county supervisory groups reporting on the results of Monday's meeting went along with recommendations favoring deer hunting.

Opposition came from Milwaukee, Outagamie, Waukesha, St. Croix, and La Crosse.

The deer recommendation was one of many not to the public for the first time by the commission. They were not published until April 7 meeting.

Following a suggestion of the Milwaukee County Conservation Club, the Deer Season booklet for 1940 was revised and published.

The booklet was revised to include recommendations, including seasons, for all the county's deer hunting areas.

Mr. J. Edgar Hoover, Director

Dear Mr. Hoover:

By way of introduction to you, will say that I knew Don Hostetter when he was in Memphis, and thought a great deal of him. Believe he will remember me, in our association together on occasions.

As attaching a few clippings for your perusal. They are sent to indicate a trend with which you may already be familiar.

It is essential that some agency with sufficient organization and influence do something toward better censorship in our country. There are minds who will scarcely stop short of complete indecency to exploit their wares upon the public, and youth is not able to discriminate between the right and wrong of it.

We have had a struggle here on the local front in Memphis, a city of 455,000 people, in retaining a censorship, when a committee appointed had suggested that it was not necessary.

Have personally talked with members on the local censorship board, and have their testimony of the terrible pictures that would be released for showing here, had it not been for censorship.

Most of this entertainment becomes interstate, and hence should become a Federal Government problem. The fine work that our Churches and some of our schools are attempting to do is offset by the freedom exercised in this country of licentiousness. The Apostle Peter warned in his 1st letter about our not using the new liberty for a cloak of maliciousness, but as the servants of God.

If there is something that your excellent and very fine organization is able to do concerning these problems facing us today, you will find that many citizens will deeply appreciate your effort.

May I take this occasion to thank you most sincerely for your own exemplary record and for preserving a great America for us at the risk of your life and that of your agents.

Cordially yours,
Our Elvis Presley—In Vista Vision!

Producer Hal Wallis screen-tested Elvis several weeks ago and decided to sign him to a long-term contract by Paramount Pictures. It was announced in Hollywood today.

Elvis Presley, the 21-year-old son of Gladys and Vernon Presley and a popular music star, has been signed to a long-term contract by Paramount Pictures. The announcement was made by Hal Wallis, who has produced such hits as "Hound Dog," "Jailhouse Rock," and "Don't Be Cruel." Elvis has proven to be a box office sensation and has captured the hearts of millions of fans worldwide.

In the country, with even more enthusiasm, the announcement was met with joy and excitement. The young singer has been a sensation since his first appearance on "The Ed Sullivan Show" in 1956, and his popularity has only grown over the years. Elvis's unique style of singing and his ability to connect with his audience have made him a beloved figure in the music industry.

Elvis's first RCA-Victor album, released in 1957, became the best-selling album in history, selling over 30 million copies. His success continued with subsequent albums, including "Blue Hawaii" and "Guitar Man," which further cemented his status as a music icon.

I have been reading the newspaper, breaking about three stories on his guitar every performance and lighting a fire in this audience.

Here are some letters:

A Central High Student writes: "I am a high school senior and have never considered myself a goody-goody. I do all the things most boys my age do...I'll tell you and everybody that I think what he does on television and wherever he sings is a pretty rotten thing. I don't want my mother or any sisters to see such things. . . . I sure as heck don't like him."

Miss Vickers, Memphis: "I guess that I'm pretty much of a square, but I think that Elvis Presley sings. I think that his acting and squirming around is too suggestive and disgusting... I thought you might be interested in hearing from one teenager who thinks he's terrible.

Worried Mother writes: "I wonder what it is going to take before people wake up to what exactly he is doing. All the men and women in my club are up in arms about it."

I would like to know anyone whether they like the music or not.

Censorship May Go to Surgery

Hollywood Considers Operation on Code

By ERNEST J. WATSON

Press-Telegram Special Writer

HOLLYWOOD. — Behind the screen: Hollywood's censorship code is on the operating table for what may be major surgery.

A sweeping study of the rules recently under fire in the controversy over "The Man With the Golden Arm," was voted by the Motion Picture Association's board of directors. The code dates back to 1923.

Johnson said there's considerable talk about making the regulations more flexible to meet the needs of a changing society. There's also a movement among independent film distributors to establish a special code seal for foreign movies "too hot" for Hollywood.

On September 9, 1968, the South Central Bell Telephone Company, Louisville, Kentucky, advised that his office had received a report from Louisville Chief Telephone Operator, that on September 6, 1968, at 1:19 PM a telephone operator placed a call for an individual who appeared to be, by the sound of his voice, a male, to Memphis, Tennessee, 901- . He gave the number from which he was calling in Louisville as 778-9341. Upon connecting the caller with the Memphis, Tennessee telephone number, she contacted a switchman in the Plant Department of the telephone company, to seize the line or hold it open and trace the call to the Louisville telephone number, inasmuch as the phone number given by the caller related to a pay telephone booth, particularly as the last four digits of the Louisville telephone number were a series designated for commercial pay telephones. She felt that the caller was attempting to defraud the telephone company through his submission of a false telephone number as to the phone from which the call was originating.

Shortly thereafter, a second call was placed to Memphis, Tennessee, by an unidentified male caller who furnished the telephone from which he was calling as Louisville telephone 778-9341, which was the same number furnished in connection with the phone call to Memphis .

The Plant Department of the phone company had not seized the line. The call was not completed to Memphis, Tennessee, as there was no answer by the telephone at Memphis.

[Redacted] switchman, Plant Department, was able to seize the line from which the second call from Louisville to Memphis, Tennessee, was made, and it was traced to Louisville telephone [Redacted]. This was determined to be a non-published telephone with subscriber [Redacted] Street, Louisville, Kentucky. This was a residence phone.

A telephone call by the Louisville telephone operator shortly after the phone calls to Memphis, Tennessee, transpired, resulted in a woman answering who indicated that she had just returned to her residence address and that she had tried to make a phone call, however, her telephone line appeared to be open and the telephone was possibly inoperative. This individual denied use on her part or any other individual at her residence of her telephone in connection with any phone calls to Memphis, Tennessee.

Louisville telephone 775-9341 was determined to be a pay telephone booth situated outside of a Convenient Food Market in the West End of Louisville.

Memphis, Tennessee telephone [Redacted] was established as being a non-published telephone with subscriber Elvis Presley, 2764 Highway 51 South, Memphis, Tennessee. Memphis, Tennessee telephone [Redacted] was determined to be a non-published telephone with subscriber [Redacted] Memphis, Tennessee.

Subsequently, the telephone company received a complaint from the Nanning-Dunn Funeral Home at 615 North 26th Street, Louisville, Kentucky, phone 775-6414, relating that the funeral home had received a long distance telephone call from an individual who was purportedly the aunt of nationally prominent singer Elvis Presley, who noted that the uncle of Elvis Presley, had received a long distance telephone call wherein an unidentified male caller announced that Elvis Presley was killed in an airplane crash at Louisville, Kentucky, and that his body was at the Nanning-Dunn Funeral Home.
This was a complete hoax and the aunt of Elvis Presley appeared to be extremely distraught over the matter. 

pointed out that the Manning-Dunn Funeral Home, which is a prominent establishment in the Louisville, Kentucky area, with various branches in the city of Louisville, and Jefferson County, Kentucky, in the recent past had been subject of numerous local harassing telephone calls by an unidentified individual who by voice was possibly a male, who represented himself as , and requested that the funeral home pick up bodies of deceased persons at specific locations in Louisville. These calls were hoaxes and harassing in nature as the funeral home dispatched its personnel to locations given without finding any substantiation to the presence of any deceased persons.

The matter relating to the Manning-Dunn Funeral Home had been handled jointly by the South Central Bell Telephone Company, as well as the Louisville Police Department, which has been conducting intensive investigation in connection with this matter. The telephone company has developed as suspect in connection with the harassing calls to the Manning-Dunn Funeral Home, the son of the owner of the establishment who has a radio telephone in one of the company limousines. The telephone company is conducting an investigation into the matter of the call to Memphis, Tennessee, as a telephone fraud.
