Letters received by Texas Legislature criticizing its action in regard to resolution passed Sept. 18, 1941 concerning Col. CHARLES A. LINDBERG presented to U. S. Attorney who declined prosecution as to all of them except one which is a violation of postal laws. This letter containing violation turned over to postal authorities.

AT SAN ANTONIO

The present investigation is predicated on the receipt of a letter from the Dallas Field Office stating that on September 27, 1941 Mr. F. L. NICOLITE, Postal Inspector in Charge, Fort Worth, Texas had received several letters and a telegram which had been received by the Texas Legislature criticizing its action in passing a resolution on Sept. 18, 1941 in regard to Colonel CHARLES A. LINDBERG. The telegram was signed, as were several of the letters, the balance of the letters being anonymous.
On October 9, 1941, the material received was presented to Mr. BOLLEY WILLIAMS, Assistant United States Attorney, San Antonio, who stated that all but one of the letters contained no violation whatsoever and there would be nothing in them on which to predicate any prosecution. The letter omitted was anonymous and Mr. WILLIAMS was of the opinion that the statement contained therein amounted to a violation of one of the postal laws and regulations pertaining to the sending of obscene matter through the mails. He also stated that the telegram which had been received may contain a violation in that the writer stated that he was in favor of starting a civil war. This telegram was sent from Denver, Colorado, and Mr. WILLIAMS suggested that it be sent to the Denver Field Office to be presented to the United States Attorney at Denver for consideration as to whether or not there is a violation at that point.

On October 9, 1941, the letter which contained the alleged violation of the postal laws and regulations was presented to Mr. GEORGE A. GRAY, Postal Inspector, Room 267, Federal Building, San Antonio, Texas who stated that it is likely that this letter contained material which amounted to a violation within the investigative jurisdiction of the Post Office Department. The letter was turned over to Mr. GRAY for further action.

The telegram mentioned above was sent to the Denver Field office with report dated November 13, 1941, to be presented to the United States Attorney at Denver for consideration of its contents as a possible violation of existing laws.

The anonymous letters in this group were forwarded to the Bureau under cover letter dated Oct. 27, 1941 for the anonymous letter file of the laboratory.

The letters which were signed but which contained no violations are being preserved in the files of the San Antonio Field Office.

Therefore, as no further investigation remains to be conducted in this area, the case is being closed.

She also stated at this time that she intended to boost Charles Augustus Lindbergh for next President.

Politics and Leadership

To The News and Courier:

Recently I have noticed letters from people who seem to delight in slandering and favoring upon Franklin D. Roosevelt and his spineless collection of yes men politicians.

Until our right and privilege to express our views is "rationed" or taken from us I would like to reply, partly, to these slanders and fawlers.

Quoting from a recent letter, "Criticism is sometimes very necessary, but criticism based upon ignorance, personal opinion, unsupported by facts, and prejudice is not only unjust, it is contemptible".

Let the man who wrote that refute these facts and I will take my hat off and say to him, "I apologize, you are a better man than I am, Gunga Din".

More than two years before Pearl Harbor, Charles A. Lindbergh warned Mr. Roosevelt and his collection of tax eating parasites of the air might of Germany.

Lindbergh begged our so-called advisors to warn before it was too late. But "Gunga Din"" and the Air Command lived in the past.

Planes that should to see meant the victory and defeat of the Philippines.

Because the British air superiority in other places, too, is why we have had to take the steps we have.

Subject organization protested action of City Council in Oklahoma City in cancelling the contract for CHARLES LINDBERGH to speak in the Municipal Auditorium. This organization also reported to be taking part in the defense of syndicalism cases involving Communist leaders in Oklahoma City.

---

**Details:**

Investigation of this case is based upon the furnishing of information by the Oklahoma City Police Department by letter dated January 7, 1941 concerning the Defense Committee for Civil Rights and the American Civil Liberties Union which was said to be taking an active part in the defense of the current Oklahoma City syndicalism cases. This organization was assigned to the Oklahoma City Police Department for investigation.

On August 28, 1941, there appeared in the Daily Oklahoma, a daily newspaper published at Oklahoma City, an article which read as follows:

"The American Civil Liberties Union protested against the actions of the city council here in cancelling the contract for Lindbergh to speak in Municipal auditorium. Its telegram was signed by Rev. John Haynes Holmes, chairman of the board; Arthur Garfield Hayes, general counsel, and Roger N. Baldwin, director.

"The telegram charged that the council action 'creates
national issue of free speech which is necessarily protected by defenders of democratic rights.

Author's Husband Airs New Charges

CHICAGO, April 21—(AP)—Albert W. Dilling, embroiled in a bitter divorce controversy with his wife Elizabeth, author of "The Red Network," today asked the Superior Court to compel Mrs. Dilling to produce an accounting of any contributions she may have received since 1935 "from any American or foreign persons acting for any Axis government in spreading pro-Axis propaganda in the United States."

His petition also asked the opportunity to examine correspondence which Dilling alleged his wife received from 25 persons, including Charles L. Townsend, William Ham, Irwin, the Bowery Bandits, Senator George S. Mearns, alleged Nazi agent; Sir Oswald Mosley, the Rev. Father Charles J. Coughlin, and Laura Ingalls the Nazi recently sentenced for failure to register as a Nazi agent.

My dear Mr. Hoover,

We, 450 members and friends of the International Workers' Order, assembled on Saturday evening, October 18, 1941 at the Masonic Temple Bldg., Chicago, Illinois, condemn the treasonable utterances and actions of Mr. Lindbergh, Mr. Wheeler, Mr. Nye and the America First leadership, who seek to weaken, divide and destroy the American people.

We particularly condemn the anti-Semitic attacks of Lindbergh and Nye, who are closely following in this respect their Hitler model.

We urge that an immediate investigation be made of the America First Committee -- its sponsors, its source of funds, its vast connections -- in order to expose them before the American people and to assure the unity and safety of our country.

U.S. OSTERV
MONDAY 40

ENCL. FM
BULLETIN NO. 224. JULY 8, 1940.

THE REAL "5th Column". On July 4, Mrs. Dilling wrote a 13-page letter-size pamphlet, "HAS AMERICA TWO MAJOR PARTIES?" as author of famous THE RED NETWORK and THE ROOSEVELT RED RECORD & ITS BACKGROUND ($1.00, 12c postpaid), and as attantand at Republican Natl. Convention at Philadelphia, she gives factual history of political situation every Christian American should have. Same up our view point that the main job is to keep our own backyards clean and send determined informed Americas to Congress.

She comments: "The Marxist program of planned ruin has been steadily marching on for eight years. While politicians compromise and the people sleep, legislative measures to shock us under iron dictatorship lie ready prepared at hand. France, like us, taxed and bled its billions, sank deeper into debt and unemployment. It, like us, played with coalition governments made up of Radical Socialists, plain Socialists, compromisers and what-nots. It let Red traitors, servants of Marxian and Moscov, into every key branch of government - just as we have done. It had its Popular Front, Communist-Socialist coalition, put over by President Roosevelt's warm friend, Red Leon Blum, the notorious advocate of sex filth. Like France, our Red Fifth Column is in our government France, at least aware of its danger, dissolved huge Red organizations and jailed hundred of its Red government officials - too late. It had noted so deepley that German troops went thru it, and to end, as the it were choose.... France went down under Marxist rot. Will we will we see the truth too late as they did?"

(signed Mrs. Dilling, 53 West Jackson Blvd., Chicago, Ill.)

Illustrating how such "legislative measures" are being put into effect, Record tells of H.R.10187, a bill to amend the Federal Reserve Act (interstate banking system in USA), which (p.13474) among other things dangerous to our way of living, provides that our (Govt becomes responsible for protecting int'l bankers' property (money, gold, silver, banking paper, etc.) deposited with Fed.Res.Banks, vesting power in State Dept. (Jew-controlled Bill) to determine which foreign Govt is entitled to it, and making our Fed.Res.Banks immune to suits filed against them to recover such property, etc.

This passed the House; and then was rushed thru the Senate the same day. Showing how such important bills are passed without Congress knowing what they are voting on, following by Senator Adams on p.13616 is illuminating: "Mr. President, a few moments ago a bill was passed protecting the Fed.Res.Bank in the matter of payments of foreign governmental central bank accounts. The understanding of the Senator from Michigan, the understanding I had, the statement made on the floor of the Senate, was that the bill as it was passed was the bill which had been approved by the Banking and Currency Committee this morning. It turns out that that is not the case; that the bill which we have passed is the original bill which was being considered yesterday and not the bill which we thought was being reported. It seems to me, under that condition, that we should reconsider the vote by which House Bill 10187 was passed, it having been passed under a misunderstanding; and I so move."

The Constitutional Educational League, (p. 13602) has released 25p booklets "THE FIFTH COLUMN in Washington" which should prove valuable to law makers, law-enforcement officers, heads of industries, utilities, and veteran organizations. Widespread distribution of such factual information would defeat the NUDITATION. Proves by its documentation that our previous statements are correct - that our National Defense program is sabotaged from top down (as in France, et al). It lists names, positions, salaries - up to $10,000 a year - of hundreds of Communists still on Govt payrolls in Dep'ts of Labor, Justice, WPA, War, Navy, Agriculture, M.R.D., SEC, Social Security, etc. (single copy - 25c)

Sabotage thru channels of Govt, Law and Religion, thru controversy, disbelief of officials, preventing law taking its course, etc. Methodist Bishop G. Howard talks at
5-23-40 was elected in Mass. Civil Liberties Com. No suspicions proved this
Communist "front" outfit not only supports Reds, Atheists, etc. but serves as sort of holding
company of absurders of all stripes, and in itself thru numerous affiliates acts as one of chief "pressure" agencies in USA. While here, Bishop Ommes claimed Mrs.
Dilling lied about his affiliations. Obviously, he would not have been made Cham unless
he had previously served as a member. His predecessor, Poland, in his annual report said
that thru correspondence with U.S. Atty-Gen. Robt. H. Jackson he had learned the FBI had not
authorized investigators to attend liberal, radical and peace meetings to procure informa
tion.

Thus the F.B.I. Bureau of Investigation not permitted to get firsthand information re
Reds, etc. Yet same FBI takes orders from Organized Jewry and arrests 17, mostly youths
with Harold Nathan-dominated Edgar Hoover spouting to press that they were guilty of see
ning to overthrow the Govt., etc., with controlled press and radio front-page and editor
izing day after day, the public is programmed to believe that the Christian Front is the dangerous "5th Column." Yet a jury trial proved that the FBI had no case at all. But, in the case the FBI not only attended meetings, but with their hirelings cooked up meetings, taxpayers' money being used to try to get said boys drunk so that incrimination
remarks could be dictaphoned by listening FBI agents. Yes, FBI agents spy on and arrest
CHRISTIANS, but are not permitted to do likewise at "liberal, radical and peace meetings

Bishop Ommes, a false religionist, now heads Civil Liberties Com. that goes to it
that meetings of socialists, communists and ditto-controlled pacifists (all intent upon
destroying Christendom) are not even attended or reported upon by FBI. Recalling that
Comm. the Belgian-British, with Omaha city Harry Monahan its Int'l. Pr. of Des Moines, who
spends much time in N Y. organizing SPIT IN THE NOSE, holds same position in
Iowa as does Ommes in Mass. Both heads branches of Am. Civil Liberties Union which recent
ly went thru motions, with press publicity, of ridding itself of communists. Yet the
7-1-40 action of its chief counsel, Jew atty Arthur Garfield Hayes, further illustrates
subterfuge thru channels of Govt. Law and Religion. He joined with Norman Rosenfield
and Darwin James of the Long-time radical, representing Geo. Raymond,
Communist Party, and began suit in U.S. Dist. Court at New York City,
Somervell, N.Y., WPA Administrator, to reinstate that Red in a WPA
discharged 6-23-40 under provisions of the new Emergency Relief
Acting of Communists and Nazis from WPA rolls. Thus Congress sabotaged by Organized Jewy.

Now, after American jury defeats Organized Jewy by acquittal of so-called CHRISTIAN FRONTEMES (not all 17 were members, but press and radio so designated them), a mysterious bombing (with prior phone threats) at British Pavilion at New York City's World's
Fair, kills 8 detectives, injuring 5 others, and the same Jewish NY TIMES that falsely
crippled in a trial the aforementioned 17 (one committing suicide ? because of the
OGCF or FBI), now front-page 7-5-40 that "17 SUSPECTS SEIZED." Chief Inspector
Louis F. Costumari (Jewy) orders rounding up of anyone "Bandits, Fascists or members of
the Christian Front attending open-air meetings at Columbus Circle. A short while later
17 men were taken from the Circle meetings and other places directly to police headquar
ters, for questioning." How strange that no apparent search made for socialists, communists
and anarchists - many known to be attending schools in NYC learning art of bombing, creat
ing riots, revolution, etc. With so many of NYC police force members or past members of
the Christian Front, is it logical that any would be guilty in such bombing? Looks like
typical Organized Jewy terrorist tactics. But controlled press will hide it.

Jew Moses Leamanberg, publisher of Philadelphia INQUIRER and New York Morning TELE
GRAPH, whose paper a year ago crucified Christian patriot ZEAL. Moses for presenting
facts to DCC Com. proving power and subversive intent of Organized Jewy, was sentenced
to but 5 years in prison (to be selected by Atty-Gen. Robt. H. Jackson - no doubt with due
regard for Zeal's comfort) for evade $1,216,897 in income taxes. But he is to be unmolested in his more or less illegal businesses (race track racket, etc.) so that he may
pay the Govt $9,000,000 plus interest and penalties totalling about $1,500,000 in annual instalments. Weymouth Kirkland, Chief of Leamanberg's battery of 50 lawyers, pleased with
federal judge V.C. Nixbyrcan (to be commended for his bravery) to grant probation, which
if denied, requires poor Moes to serve only 1 year before being eligible for parole.
A fair question - how many convicts in our prisons are serving longer terms for lesser

-2-
All the press and splendor at the Am. Youth Cong is in Murray Planner's New York group and was spurred by Jack McMichael-Jesse L. Lederer and Sadye Hines in control at College Camp, Wis., on July 4. Action looks fact that USA never had an adult-engineered youth movement until Mr. and Mrs. Roosevelt sponsored and apologized for such Marxist splitting population-into-groups ala the NUDEM. How many stop to realize that such movements are part of the preparation for the dictatorships (and wars) now being enjoyed in Europe? Ex-boxer Tunney would set a good example for both adults and youth by refusing to front for any part of such youth movement. Obviously such congresses don't pass resolutions warning Americans against the real "5th Column" - those elements subtly destroying all Christendom. Did you take a good look at the faces in pictures in July 5-6 press?

Numerous cases have been brought to our attention that "refugees" get preference over American citizens trying to get home from Europe. Latest case is of 100 embittered Americans and Canadians, fighting volunteers for Finland, who upon returning aboard Finnish freighter Mathilde Thorsten, found "13 Polish Jews with money" occupying all the berths, while they had to sleep on makeshift bunks in the hold, and had to cook upon deck food that was poor. Added dissatisfaction was due to a Harlem Negro, "Col." F. Fechter of Julian, attired in blue and gold uniform of Finland, who had not fought in Finland against the Reds, but had been given a captaincy by Gen. Mennerheim after war was over, also enjoyed a berth because he had money. Quite a racket aboard when ship docked here.

Re "refugee" preference, poor Wm. Green, head of APoF, made a sorry picture at dinner in his honor at Hotel Commodore, New York City, where he said, "The democracies of Europe might have saved themselves if they had been courageous enough to save the Jews of Germany." He pledged support of the APoF for the Palestine Jewish homeland as nearly $40,000 of the $100,000 fund for establishment of Leop. Blum colony in Palestine was raised from the 1,500 persons present. Wonder how many members of APoF that pay in to keep Wm. Green in luxury would approve of his pledge, and of his honoring Leop. Blum, one of chief traitors of France - the same Jew who wrote a book advocating incest? Other speakers were Gov. H. H. Lehman, Mayor F. H. LaGuardia, Matthew Wall, Dr. S. Wise, Dr. Israel Goldstein, Chaim Greenberg, Louis Segal, David Dubinsky and Max Zoritsch. How poor Bill Green must have felt to be so honored by the founders of his rival CIO.

Reminding such preferances shown in all "key" positions. Not only is Pres. of Bd. of Education of New York City, Jas. Marshall, a Jew (atty and officer of powerful organized Jewish agencies, Am. Jewish Com., etc., and officer in Republican Party until 1933), but now the Associated Supt. of NYC school system at $12,500 per year, is Dr. Elia Lieberman, a Russian-born Jew, former literary editor of leading weekly The American Hebrew, and contributing editor since 1931 to the radical school weekly SCHOLASTIC, and contributor to Century, Scribners, Harper's, SATURDAY EVENING POST, Ladies Home Journal, Outlook, NY TIMES, etc. Is it necessary to point out how thus the Jewish viewpoint is impressed upon non-Jews?

Further evidence of "preference" seen in new book FINANCIAL SECURITY IN A CHANGING WORLD by Jewish financial writer, W. M. Finkley, who warns those desiring to hedge against "predicted inflation": "Lay in a stock of durable household supplies, including canned goods, now plentiful." Realize, too, that Jews control food and retail trades. This quotation from July THE BEACON LIGHT (25), which makes some startling forecasts - too many to be related here. Editor Mr. Mulligan, Atascadero, Calif., has made many prophesies which came true. Reminds of our previous admonition that canned goods to go higher. Reminding, also, that already our predicted troubles and inequalities due to the Jewish-controlled FOOD STAMP PLAN now being experienced by the unfortunate on relief here, who will have to wait until Washington passes upon their troubles, again illustrating how we foretold the control over the spending of our own relief funds been taken away.

Another phase of such "preference" seen in Paul Maloney's 7-1-40 comment that FDR may choose Mayor LaGuardia (3-Jew) to be named down Democratic nominating convention as was Willkie down throats of Republicans - both backed by same gang of radicals and Intel-Finance-Organized Jewry. Reminding that a year ago our bulletin predicted that LaGuardia was to be our Dictator, the way things were working toward a climax then. This "preference" exhibited again in FDR's appointment of lifetime-Red Jew Sidney Hillman, who according to Jewish authorities quoted by Homer H. Morris in his new publication DISPATCH (Old Post Office Box 456, Chicago, Ill. - 10y), studied in Russia to be a
"In numerous articles we have told you that the present war was declared to salvage what is left of the European branch of world Jewry. In other words, this is a Jew war; American Jewry makes no secret of this nor of the fact that they want the United States to help fight it. A typical Yiddisher viewpoint on the war can be summed up in the words of Rabbi Louis Israel Newman, writing in the (Jewish) Sentinel of May 29, '42. Says Rabbi Newman (p.12): '...today Jews stand in grave peril of losing whatever they gained at the Peace Conference twenty years or more ago and, moreover, if Hitler wins, the prospects are so black one can scarcely speak of them. If we go down (i.e. the Jews), the democracies go down, but if the democracies are victorious, it is still not certain whether we will be safe... unless the Allies grow stronger, one of the darkest chapters in Jewish and world history may be inscribed and then, of course, there is always the possibility, as a pious Jew declared, that the Allies will cry out 'Yarmulke America!'" (underlining our own - Ed.)"

"...Speaking of the consternation aroused in Jewish circles by Lindbergh's talk (re influential minority trying to put USA into war), Dr. O. George Fox has this to say in the Sentinel (Jewish) for June 6, '40: '...we are told by a friend that Lindbergh's associates in his pre-hero days know him to be anything but fond of the Jews. They would not say that he disliked us, but they were certain that he did not love us.' We had always hoped that Col. Lindbergh was aware of the nefarious designs of International Jewry but we had never been certain on this point until reassured by Jewish periodicals..."

Dear President—

I hope you are not misled by Hindlegh, Henry Ford, Krummes of Gales, Scolto, Thrush, Krummes of Montana, La Haugh, and others as Fifth Columnists in this country—also Martin Dies, and the one back of him, Oh, Hartley.

Hindlegh & Ford, for paying duress to the Nazi government. (With they state morally condemned by the rest of the world) and accepting Nazi medals, & to date, not even making a gesture of returning them. Ford for his Chummery with Goering. Hindlegh for his famous speech. Krummes for his high praise of Nazi government after his trip there. Of course, for his own American propaganda.

NAZIS PRIME LINDBERGH FOR U. S. FUHRER

(Special to the Record)
NEW YORK, Dec. 23—The Nazis have put out a place for Charles A. Lindbergh... as "Fuhrer of the United States." As the "Lone Eagle" became a "German Eagle," with the official decoration of the Nazi government, Hitler's plans for the aviator were recalled here today.

In a press interview at Long Island in September, 1937, Herman Schwartzman, Bund official, declared:

"Lindbergh left for Europe not simply for a trip. He was sent there on a special mission—to study the situation in Europe and to acquaint himself with the methods of government in the fascists states."

"Lindbergh will return to the United States at a definitely appointed time and will undertake the leadership of our party."

Gentlemen:

Attached is a letter taken from the Valley Morning Star of to-day. It occurs to me that this should be filed and this man watched as this man is surely a "Hitlerite" of the worse type. This for your information. The man referred to as being in agreement is a man who talked over Radio Station KRGV and his name can be secured from that source. If this does not come within your jurisdiction, then please pass it on to the intelligence department of the Army or the proper bureau of the Treasury Department.

Yours very truly,

[Handwritten and redacted text]
TO THE EDITOR:

Just want to let you know that I enjoyed the talk made by a gentleman from McAllen Saturday night about 7:30 o'clock. This man looks at the situation exactly the way I see it. Am sorry I did not get his name. He is one of the few that analyzes the whole thing in the light of reason and logic. There are two sides to every argument, but the great majority are influenced wholly by propaganda.

I like your editorials as a whole pretty well, just as I did Carl Magee's, but listen, the Fuehrer of the great German nation is not a brag-gart of the beer halls, he does not drink nor smoke and thereby sets a fine example to the youth of his country.

You believe in God? Well perhaps we let Him do the judging, not use. Maybe Mr. Hitler was created by Him, too, hey? Yes, perhaps Almighty God has something to do with this whole business.

Listen, there was a time when Germany waited and waited for the promised disarmament of those that made her disarm, she was waiting for them to throw their murder instruments away, too. But alas, they proved to be nothing but hypocrites and liars. Yes, instead they created larger and larger armaments, used the money they owed America to build an iron ring around Germany, arming the little entities, Poland, and then tried to make a military alliance with terrible Russia. Oh yes, sure Russia, too, was a Democracy by then.

But wait, when Germany beat them to it, oh horror of horrors. Stalin and Hitler, a couple of gangsters as proclaimed by the son of our president, Elliot Roosevelt. Of consistency how rare art thou. But enough is enough. Yes, oh yes, let's keep America out of the game of hypocrisy and murder business. Once was enough. Let's have more men like Charles Lindberg and the McAllen man. Let's be really neutral.

Raymondville.

FEDERAL PROSECUTION
JAN 4 1940
U.S. DISTRICT COURT
A book called "The Voice of Destruction" by Hermann Masse quoted about the United States, "Hitler had his firm prejudice, opinion which no argument could shake. This opinion was that the North America would never take part in the European War against England and that, with her millions of unemployed the United States might on a brink of a revolution from the outbreak of which only Hitler could save her."

Later, however, I had frequent occasions to hear the same view expressed.

"Nothing will be easier than to produce a bloody revolution in North America." Goebbels interposed "No other country has so many social racial tensions. We shall be able to play on many strings there. The America of today will never again be a bar to us." * * * * * * "It is a mistake to assume that it was a danger to us in the last war." Hitler remarked crossly. "Compared with the British and French, the Americans behaved like clumsy boys... (I guarantee, gentlemen, that at the right moment a new America will exist as our strongest supporter when we are ready to take the stride into overseas space.)" "We have the means of awakening this nation in good time," he added after a pause. "There will be no new Wilson arising to stir up America against us."

This is a quotation from a book and a German who-understand Americans.

Naturally Colonel Lindberg should realize this country has some "hysterical chatter of invasion", but this chatter is more the fear of German propaganda, undermining this great Nation thru Agents and organisations - many of which must already exist, holding positions of security and prominence in this country. By their subtle influence and lies - they persuade the unsuspecting man to admire these aggressive murderers. Germans not permitted to think for themselves, submissively allow their ruthless leaders - thru promises of gain and fame - to lead them to plunder - to kill and devastate homes of inn families of patriotic peace-loving countries.

Colonel Lindberg says "American Meddling". It seems to America has not meddled enough against Aggressors, but America has proven to herself that she could not come forward a great united powerful nation. As inexperienced children who stand and gaze - watching their parent countries die..."
Indecisive children, who turn away from plunder and murder. -- At least thru watching this dreadful catastrophe America is only now vaguely realising her own weakness, her own unpreparedness.

I saw the Englishmen leaving for the front unequipped mentally and physically, -- a nation that wanted to live peacefully in little houses with gardens, and forget war ever existed. What happened to the English Intelligence Department and Scotland Yard is beyond comprehension. Stanley Baldwin is greatly responsible for Great Britain's unpreparedness.

In the summer of 1938 I visited Greece and Yugo Slavia. There motoring thru small remote villages -- the children giving Nazi salutes. I found out in these centers there was a German physical culture instructor, giving an hour of exercises and an hour of lecture.

A German maid I had in London last summer told me it was compulsory in Germany for men, women, and children to attend daily one hour of exercises and a hour of propaganda lectures for mind training. -- The mental training of our America citizens is most important as a part of preparedness against uprisings and revolutions that may take place, if Germany wins this War. Preparedness against mental confusion -- indecisiveness and panic, preparedness for the unthinking American who is influenced and contaminated by being thrown in contact with foreign agents or the harmless commercial traveller.

Complete organisation and training for the United States to think straight and clearly should take place. Perhaps two or three times a week a not too long national letter could be sent and read at all clubs, meetings, organisations, etc. If this is impractical then the radio should be brought to use. The people to listen 8 or 10 minutes each evening for a national-wide broadcast by the Government, told to watch for un-American propaganda, and only when one is certain it should be reported. If Germany wins the war -- this country should not be totally free until she is strong enough to find complete union. To know and understand that as citizens of this U.S.A. there will be no allowance for internal troubles.

I feel definitely I can be of some use.

Yours truly,

If not in this country -- then in Europe, where I have lived many years (London mostly) I could carry messages -- make contacts -- in this private information etc. I still retain my British passport -- having divorced my English husband 3 years ago.

My dear Mr. Hoover,-

I brought a letter of introduction from you yesterday. As far as that went it seems to have done very little good. I dictated the following yesterday to a typist in the hotel.

A book called "The Voice of Destruction" by Hermann Hauschning quoted about the United States, "Hitler had his firm preconceived opinion which no argument could shake. This opinion was that North America would never take part in the European War again, and that, with her millions of unemployed the United States was on a brink of a revolution from the outbreak of which only Hitler could save her."

"There will be no new Wilson arising to stir up America against us."

Italian Ship is First Since the War Began to Escape Tie-Up at Gibraltar

One thousand and sixty-five passengers arrived here from Europe yesterday on the Italian liner Conte di Savoia, the first Italian liner to pass through Gibraltar waters since the war began without detaining and searching by British authorities at the gateway to the Mediterranean.

The passengers included 551 citizens of the United States and about 600 refugees from Central Europe. Among those abroad were Mr. and Mrs. Lawrence Copley Thaw of New York, who have been hunting for nearly a year in Persia, Afghanistan and India, traveling in their richly outfitted "land yacht," and Dr. Giuseppe Bastianelli, former physician to the Italian Royal House.

The Thaws returned with 200,000 feet of color film as a record of their trip, the highlight of which was an attack on Mrs. Thaw by an enraged tiger at Assam, India. She was not wounded, but emerged shaken and scratched by bristles after a wild ride in which the elephant on which she was mounted outran the tiger.

"I was out after a tiger," Mrs. Thaw said, "in the jungle the elephant apparently nearly stopped on the tiger, which immediately charged. My life was saved by my husband."

Britain Holds Aliens

London, May 27 (AP).—Trains packed with enemy aliens rolled toward concentration camps today. The authorities cleared the London area of all German and Austrian men and women, many of whom had been allowed to restrict their liberty. Striking swiftly to fortify against a "Trojan horse" invasion, 1,000 deportees rounded up to 1,000 alien women, including domestic servants, in London, and sent them to internment camps on the Isle of Man, in the Irish Sea, 30 miles west of England. It was estimated that approximately 11,000 aliens of both sexes between the ages of 16 and 60 had been interned there.

PARIS, May 28 (INS).—The French and Air Association of American Volunteers, a group of combatants in the French Army from 1914-1918, today erected a memorial to Charles A. Lindbergh from honorary membership because of his recent speech criticizing President Roosevelt's defense plan.

An official announcement said: "In a moment of enthusiasm. It was mistaken but understandable, the title of honorary member of the Lafayette Escadrille was conferred upon Charles A. Lindbergh. The title of honorary member is granted to those who rushed to the defense of France in 1914, the French and American associations representing in Paris former pilots of the Lafayette Escadrille, have decided to withdraw from Charles Lindbergh the title of honorary member of that association."

**French in Desperate Need of Planes**

WASHINGTON.—The French have secretly been almost on their knees before U. S. officials to beg, borrow, or buy more airplanes.

The French aviation situation is desperate. How many planes have been smashed is a guess—perhaps to the French, themselves. But most of their air force on the Western Front has been devitalized. Probably at least an equal number of Nazi planes have crashed, but Germany started with about 18,000 planes, the French with about 2,000.

The French were counting on British air support. Original tactics were for the French to do the bulk of the land fighting with the British reinforcing in the air. This before anyone realized Hitler was going to break through the French lines and head for the Channel.

Now Britain needs her every plane for home defense.

So desperate was France that she placed an order for 10,000 planes in the U. S. alone, and took it as far sighted than was America’s war. U. S. planes are being sent, and a large order is expected from France. The British have even suggested buying British planes.

In the meantime, the French are looking to the Americans for help. They have placed an order for 10,000 planes from the United States, and are counting on that support.

**Smart Birds**

On a recent inspection of the site for the new Navy air school at Corpus Christi, Texas, the names of the House Naval Affairs Committee were on the lips of Rep. William Kleberg’s famous King Ranch. He explained that the congressmen were looking over the estuary, and Kleberg gave them a demonstration of his marksmanship.

As a pigeon flew over his car, he jammed on the brakes, grabbed a rifle, and got the bird. Kleberg’s guests were impressed.

"That’s nothing," he smiled. "We’ll run across a wild turkey and I’ll show you some real shooting."

Sure enough, down the road a wild turkey was suddenly surprised by the road. As Kleberg grabbed his rifle and fired, but this time he missed.

"Bill," asked Rep. William Jackson of Iowa, "how come you can shoot a pheasant on the wing but miss a big turkey?"

Kleberg shrugged. "It’s a hard thing to explain, but a wild turkey is a lot more quick than a pheasant."

So the Congressmen were impressed with Kleberg’s marksmanship, and some old system of buying and manufacturing through middlemen.

REP. JED JOHNSON of Oklahoma, took Roosevelt by surprise, bringing his 5-month-old son to the Executive offices. Dear President:

A few years ago a distinguished American statesman cautioned his people that "the thing we have most to fear is fear itself". Now this same distinguished statesman is swept off his feet by fear to the tune of nearly 2 billion dollars and he would like us to be fearful along with him.

Mr. President, Col. Lindbergh expressed a great truth when he recently said "We are in danger of war today not because European people have attempted to interfere with internal affairs of America, but because American people have attempted to interfere with the internal affairs of Europe".

Mr President, we know where your sympathies lie and not all of us share the same feeling for England and France that you do. We may not like the Leadership of Germany but neither do we have a great love for the stuffed shirts, the Clivenden set of England and the similar group of France, those selfish groups of people interested only in their own game to control conditions in their favor. It is a well known fact that in no other civilized nation, except perhaps our own, will you find slums and poverty such as England has. The common people of England and France (and, yes too, America), have just been thought of as common people. While the few controlled and enjoyed the greatest luxuries of life, the rest were expected to be content with their lot, and many, in these Democracies, as in ours, were existings in conditions that were and still are shameful.

It is our hope should Hitler be successful and do unto the Chamberlain and Churchills what they would have liked to do to him, -- remove them from power, that he will deal kindly with them. Perhaps a just punishment would be to have them live in the slums they felt was good enough for their people, -- on the same starvation rations, (as many of our people have been forced to exist on).

We do sincerely feel sorry for the English and French people, but they are paying for their own stupidity and their blind following of the high hatted "self righteous" gentlemen who lead them.

In a recent address you spoke of the danger to our "Christian Civilization". By what stretch of your imagination do you call ours a Christian Civilization? Do you call a Christian civilization one where people have to live in uncertainty of economic security just because a few entrenched Barons want it so? Is a nation, content to let a great number of its people exist in poverty, a Christian nation?

In "My Day" of May 20th, Mrs. Roosevelt tells of people thinking to know why we could appropriate so much money so quick when we were "reluctant".

Baltimore, Maryland, May 28, 1940.

To: Mr. J. Edgar Hoover, Supervisor, Federal Bureau of Investigation
Subject: 5th Columnists: definite suspects.

With Quisling, Leopold and others of high estate who served in the Cullen list for attention:

5. The average college student and many of the faculties:
6. Most negroes, especially those who are subject to Communist influences.
7. The irreconcilable Irish and the idiots who are still fighting 1776. These people will do anything to hurt England if it means helping Germany to the harm of the U.S.

It so happens I am in a position to learn much of the activities of the Germans in the Baltimore area. If my name led my sources would be stopped, and, without doubt, my family would suffer, especially my son who attends a high school where there are many students of pro-Nazi families. Therefore, I remain anon.

Best wishes.

Since writing the above I've received information. I've been awaiting on a German grocer who lives . This man for years has been vehement in his champion-ship of the Germans and the Nazi in particular. He has been violent and no doubt would carry any order from the German Kommande in the U.S. I think you will find he is linked to the Club or Bund on Pulaski St.
